

ETERNITY

Make a Difference

As followers of Jesus Christ, we are called to be His full time Ambassadors representing Him to the lost people in our lives. Yet for some reason we almost never share our faith in Christ with anyone! How would your life change if every day you could naturally and easily share your faith in Christ with one person? What if on some days, you were able to invite 2, 3 or more people to go to Heaven with you?

I know...you've taken evangelism trainings before. They were "good" but did they motivate and equip you to share your faith in Christ every day? The "M.A.D." (Make a Difference) Lifestyle Evangelism Live Event is different. *In just 4 hours* your Christian life can change forever. I guarantee that you have never experienced anything like this before. You will enjoy this lively and fun learning experience to help you to share your faith. It is SO SIMPLE that many people actually share their faith as they stop on the way home from the Live Event!

I promise that you won't be bored. You will be entertained, and you will be ready to do what Jesus left you here to do...to rescue lost people. Why not give it a try?
